

GRAND PRIZE WINNER

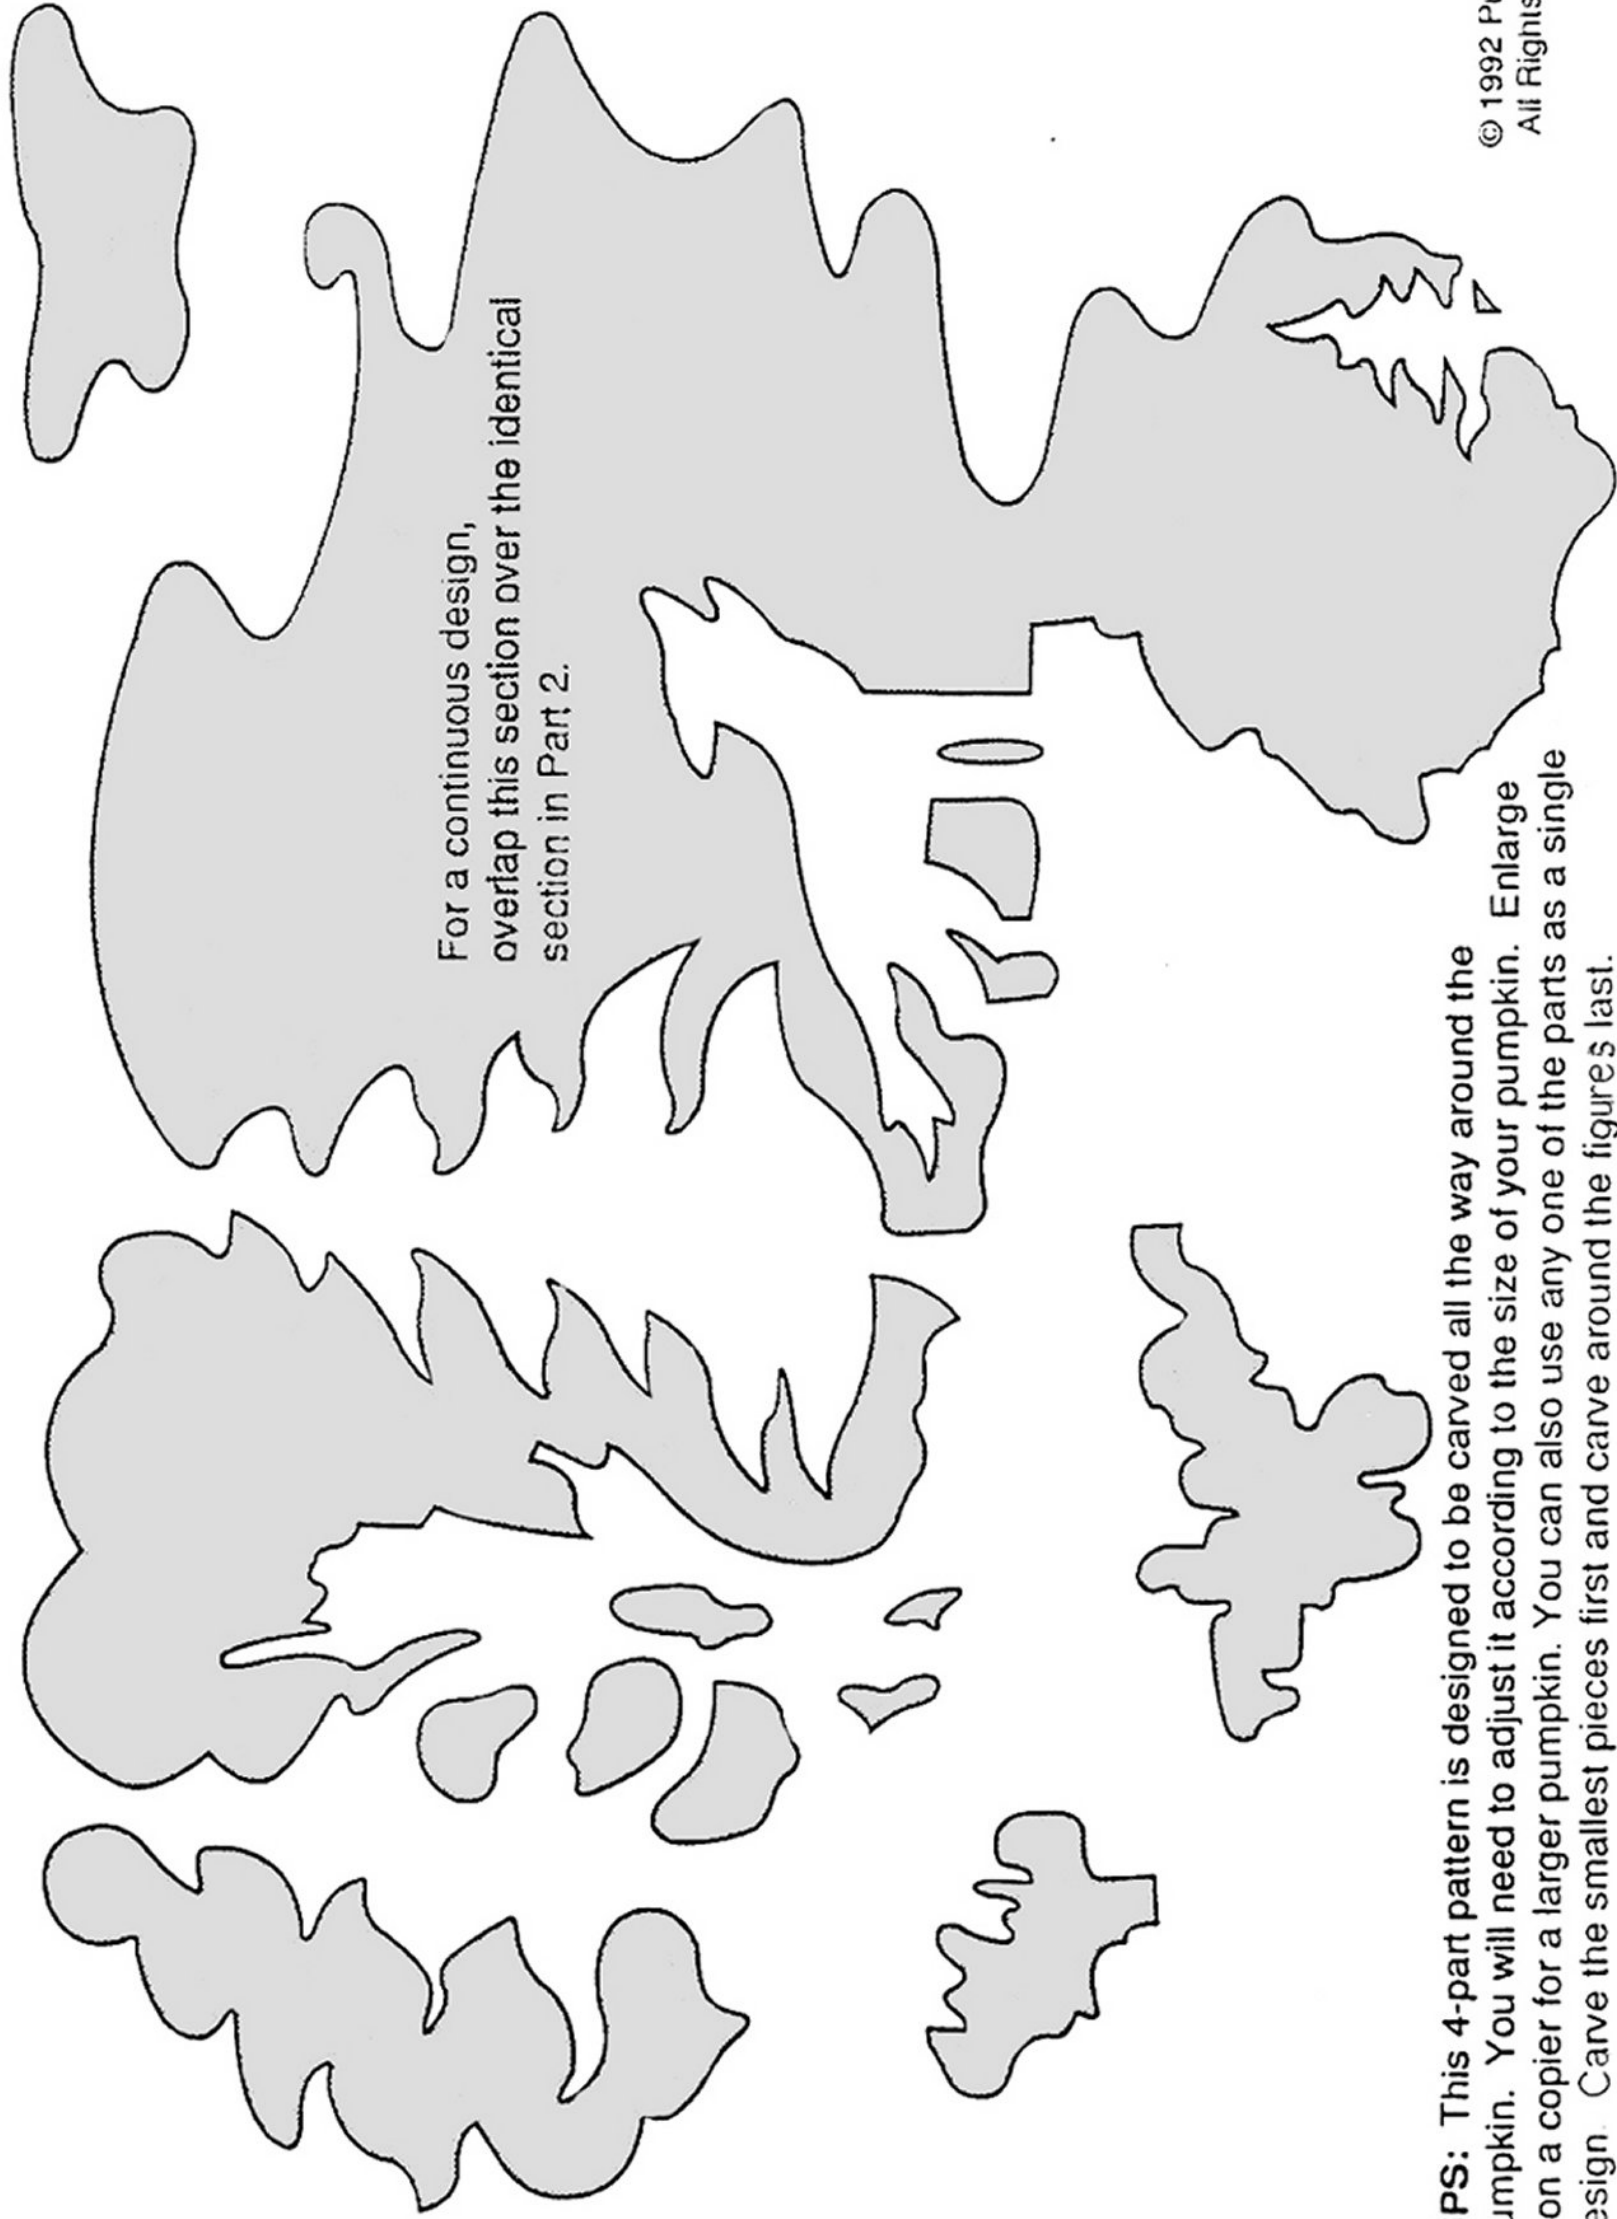

1991 Contest

Design by Charles Redmond

TRANSYLVANIA TRICK OR TREAT

Part 1 of 4

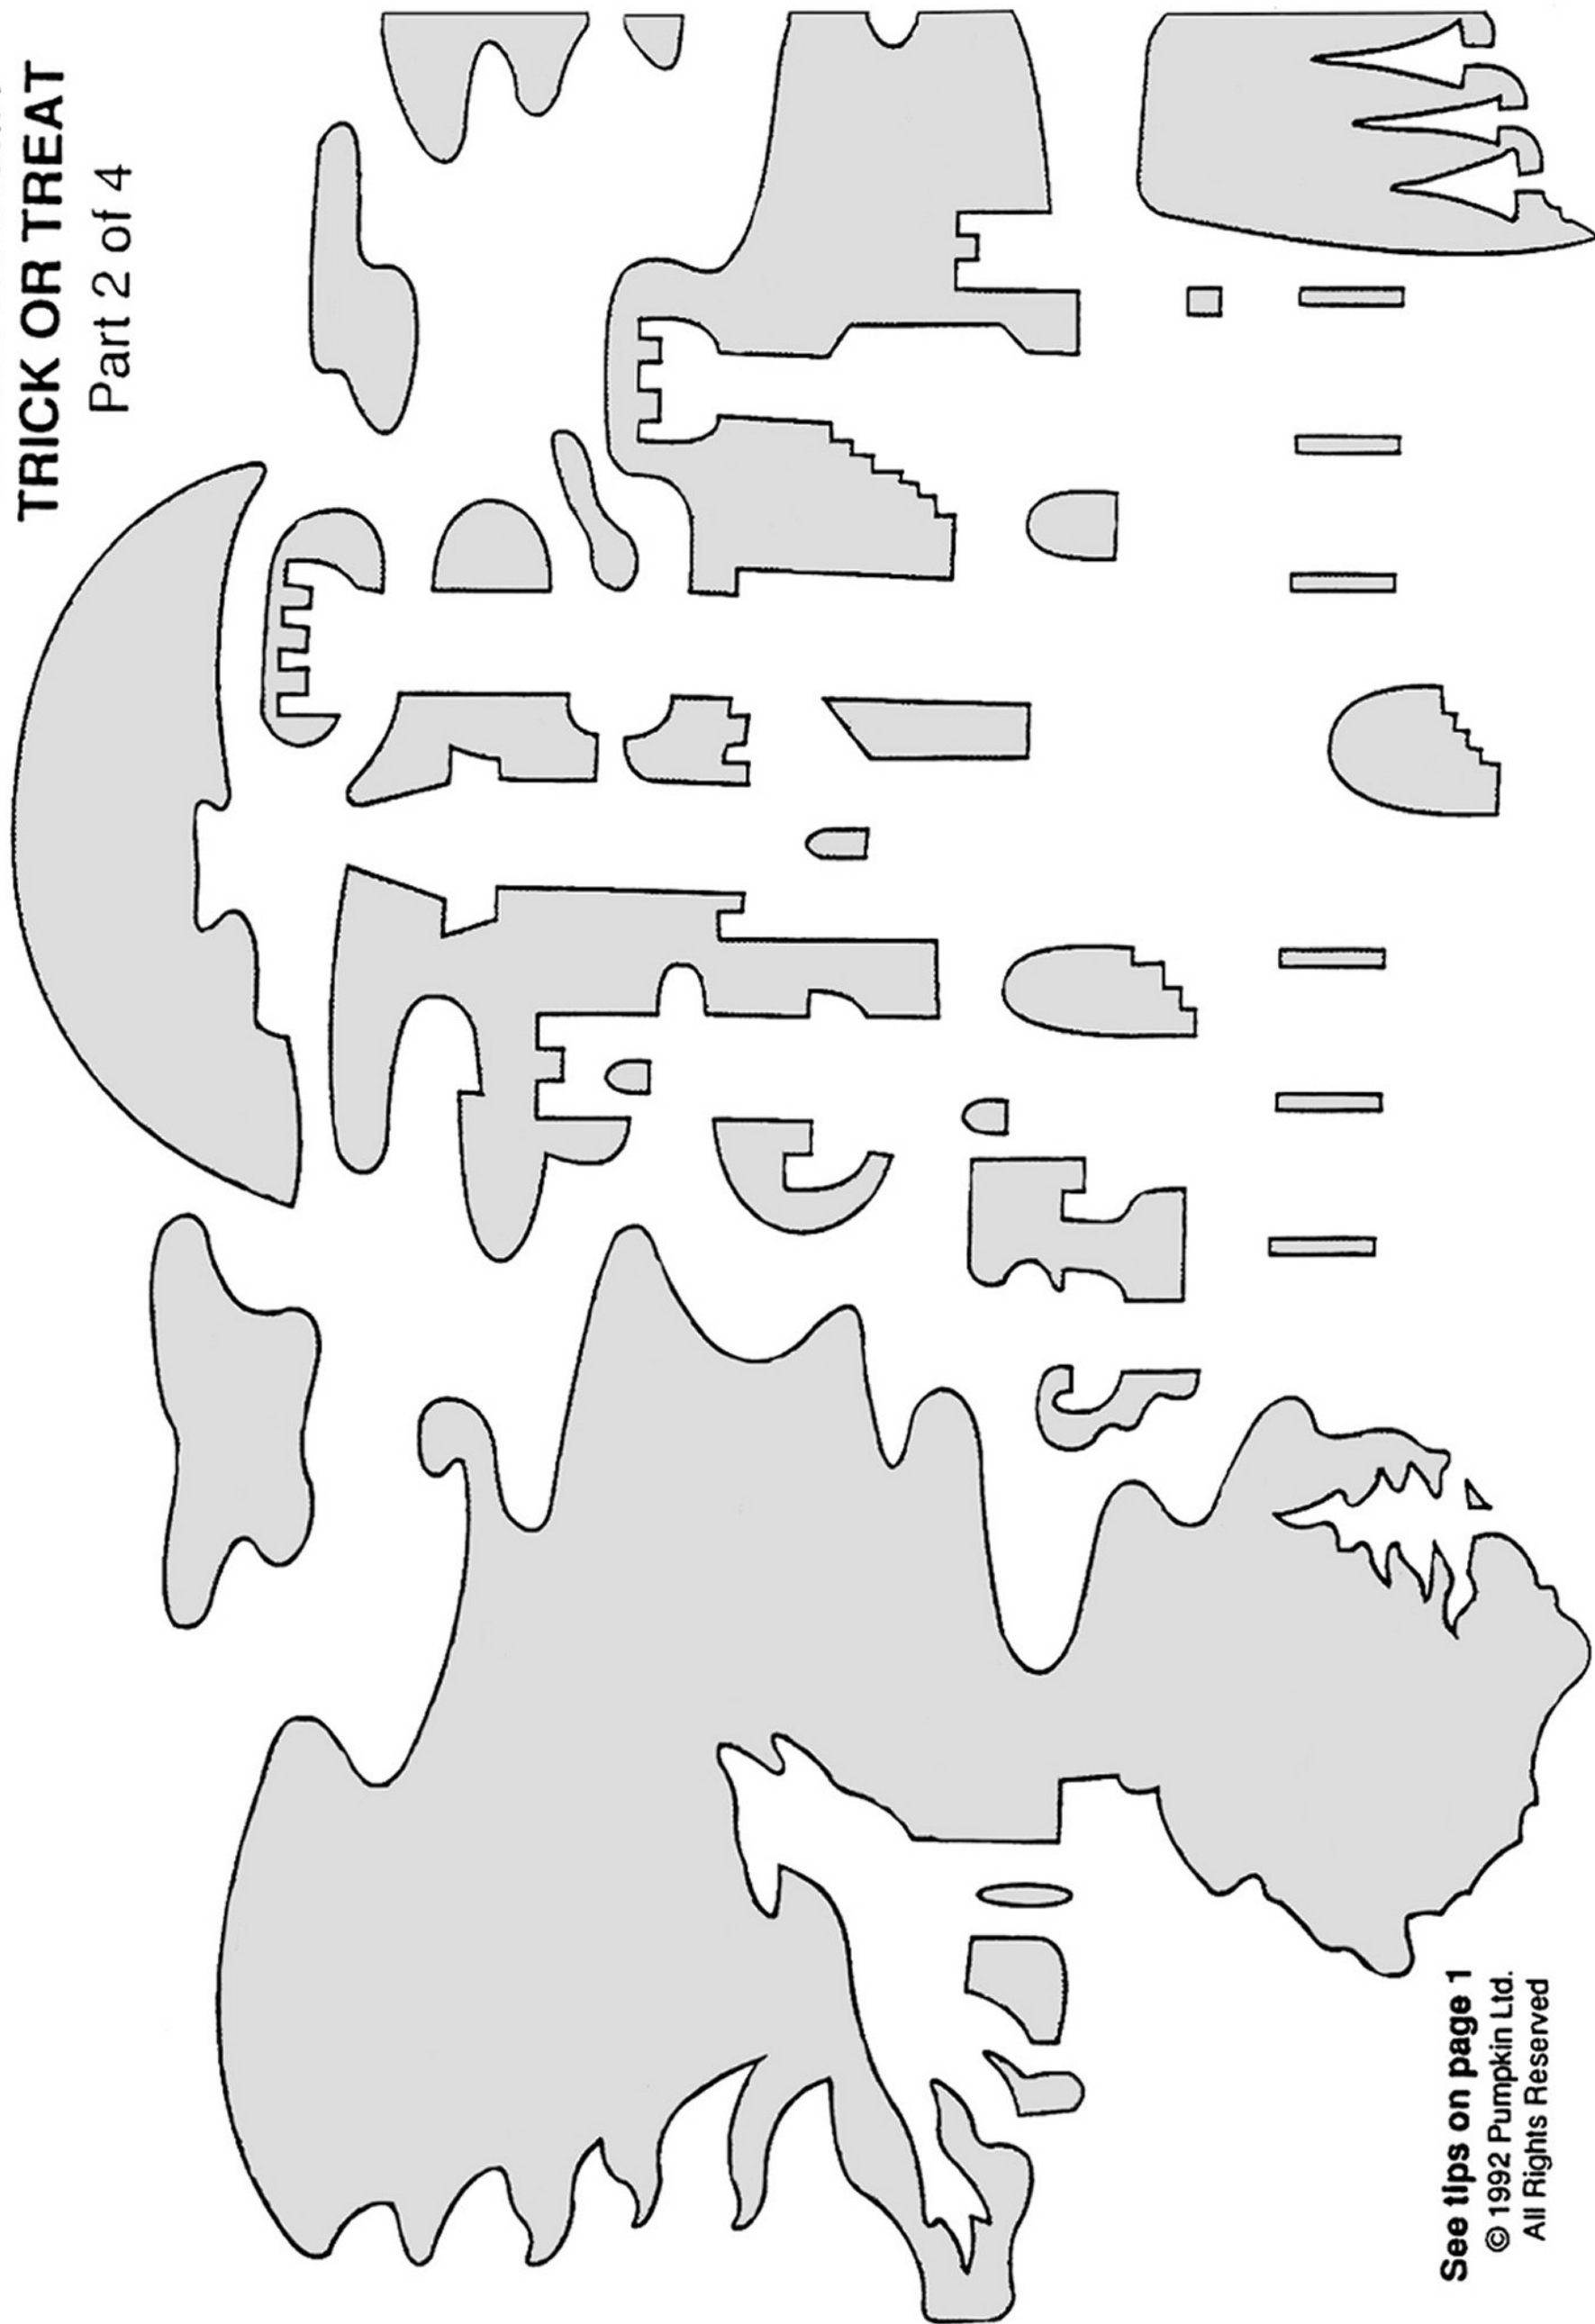

For a continuous design,
overlap this section over the identical
section in Part 2.

TIPS: This 4-part pattern is designed to be carved all the way around the pumpkin. You will need to adjust it according to the size of your pumpkin. Enlarge it on a copier for a larger pumpkin. You can also use any one of the parts as a single design. Carve the smallest pieces first and carve around the figure's last.
